

Images and Reports for studies performed at High St Xray are available online via the InteleConnect Portal. The Portal can be accessed by any modern web browser on a PC, Mac, Tablet or Smartphone.

In order to use the InteleConnect Portal you will need a User Name and Password, these can be requested by emailing info@highstxray.com.au. If you require urgent access to Inteleviewer, please call our clinic and we will happily provide these to you over the phone.

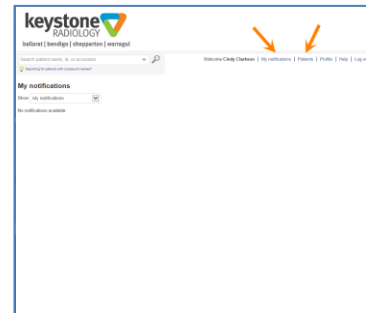

1) Simply browse to:

<https://pacs.keystoneradiology.com.au/Portal>

2) Enter your user name and password:

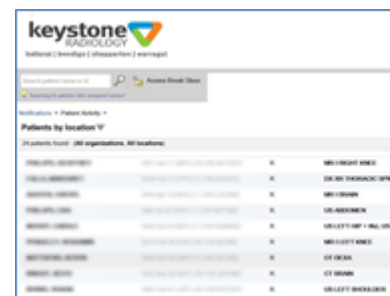

3) You will see the main window, here you can either search for your patient, or select Notifications for recent reports or Patients for recent patients.

4) Selecting Notifications will display the most recent reports and images available.

5) Selecting Patients will display the most recent Patients who have had imaging.

The Break Glass feature allows the treating doctor to review patient studies, even if they are not the patients referring physician as long as they know the patients **Date of Birth**.

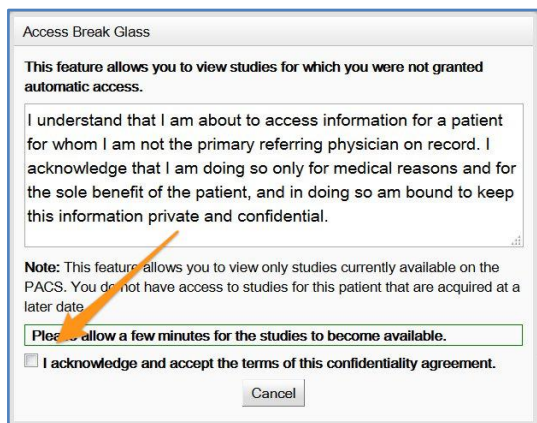

- 1) Open High St Xray Inteleconnect.

<https://pacs.keystoneradiology.com.au/Portal>

- 2) Click Access Break Glass.

- 3) Tick the box to acknowledge and accept the terms of the confidentiality agreement.

- 4) Enter the Patients name and Date of Birth (take care to note the date format in *italics* - *YYYYMMDD*)

Access Break Glass

This feature allows you to view studies for which you were not granted automatic access.

I understand that I am about to access information for a patient for whom I am not the primary referring physician on record. I acknowledge that I am doing so only for medical reasons and for the sole benefit of the patient, and in doing so am bound to keep this information private and confidential.

Note: This feature allows you to view only studies currently available on the PACS. You do not have access to studies for this patient that are acquired at a later date.

Please allow a few minutes for the studies to become available.

I acknowledge and accept the terms of this confidentiality agreement.

Provide the full patient ID

Or

Provide the full patient name and the date of birth

Last name, first name YYYYMMDD

Check Patient

Cancel

- 5) All studies available for the patient will be listed
